MANY VISITORS SPEND THANKSGIVING HOLIDAY AT SALMON VALLEY

Meeting Of United Church Selects Delegate To Attend Presbytery

SALMON VALLEY, B.C., Oct. 10.—Mrs. W. F. Smith, of Kamloops, was visiting her daughter, Mrs. W. Schweb, of Henden, last week, returning to her home on Tuesday. Jimmie and Marlene King, of Enderby, are staying at the home of their grandparents, during their mother's confinement in the hospital, following an operation for appendicitis.

John Mater, who has been on the prairies during the summer, returned to the valley last week.

A board meeting of the United Church Circuit was held in the Heywood's Corner school last Wednesday evening. Representatives from Glenenna, Salmon Valley, Falkland, Silver Creek, and Heywood's Corner attended.

Donald Wright was elected delegate to attend the Kamloops-Okanagan Presbytery at Salmon Arm.

Rev. G. G. Boothroyd, of Armstrong, was a visitor at Heywood's last Thursday.

J. Porter, of New Westminster, was a visitor at the home of Mr. and Mrs. J. R. Freeze this week end, and also visiting his sister, Miss Jean Porter, who is teacher of Heywood's Corner school.

Miss M. M. Kohut, teacher of Henden school, spent Thanksgiving week end at her home at Hullcar.

Miss Dorothy Fritchard, of Armstrong, spent Thanksgiving week end at the home of her sisters, Mrs. D. Heywood and Mrs. Arthur Waite.

C. Price, of Heywood's Corner, spent Sunday visiting friends at Falkland.

Kamloops Growers Continuing Fight For Eliminating Control

Petition Being Circulated—Say District Differs From The Okanagan

KAMLOOPS, B.C., Oct. 9.—Despite the thinly-veiled warnings of B.C. tree fruit board members in regard to the possible fatal consequences of the step, Kamloops commercial orchardists are determined to seek exclusion from the board's control.

At a meeting last week the commercial orchardists unanimously resolved to petition for release from the operations of the board.

The petition now is being circulated.

When it is ready it will be presented to the council of Kamloops board of trade for endorsement.

The council was authorized by the trade board meeting on a recent night to adopt the petition and take whatever action it may deem necessary.

It is expected that the preamble of the petition to provincial government will follow the lines of the resolution approved by the orchardists.

The following is the text of the resolution: "Whereas we are not satisfied with the treatment received from the B.C. tree fruit board in that we are compelled to hold our apples which ripen from 10 to 14 days earlier than most districts in the Okanagan, until all apples are ready for shipment in the Okanagan, thereby causing considerable financial loss to the producer; and

"Whereas we have on two occasions during the present season asked for some redress from the board without any result; "Be it therefore resolved that

Salmon Run On Shuswap River Is Almost Finished

Fine Catches Of Fish Reported From Mabel Lake

ENDERBY, B.C., Oct. 10.—Reports have been received this week that the salmon run in the river is nearly over. Some beautiful fish have been seen this year.

With the coming of the fall weather fishing has improved at Mabel Lake during the past week. Some nice catches have been taken out of the lake and those campers who have been late in closing their summer cabins for the winter months report some of the finest catches of the season on their late fishing trips.

Colin Fritchard, of Grindrod, has been busy fall plowing for some of the farmers across the river this week.

Archie Preston, who is taking off the second crop of hay on the Richard farm, has the hay in coil now and expects to have it all in a day or two.

Born to Mr. and Mrs. Bob Cunningham, a son, on Friday, September 29.

Rolly Hill and men are busy these days completing a contract to haul over fifty thousand feet of logs from the Deep Creek area to the Canoe mill.

Mrs. Parkes and daughter, Miss Queenie Parkes, who formerly lived on a farm at North Enderby, have recently moved into town, and are now residing on the C. Kirschner place.

One of the first of the North Enderby farmers to add modern buildings to his farm is Vic Polson, who has recently started construction of a modern two-storey hen house.

Mr. and Mrs. George Wells, of Sicamous, were visitors in Enderby on Saturday afternoon this week.

C. Horrocks, of the Murray Meat

we petition the provincial government for a release from the operations of the board."

Major A. E. McElligott, chairman of the board of trade agricultural bureau, reviewed the various conferences that preceded the orchardists taking the decisive step. He referred to the courteous and interested attention given the orchardists' problem by the council of the board of trade which arranged a round-table conference a week ago Monday night which was attended by T. J. O'Neill, M.P., R. H. Carson, M.L.A., and by W. E. Haskins, member of the tree fruit board.

"The growers have come to the unanimous conclusion that they should be out of control," reported Major McElligott. They argue, he said, that the Kamloops situation is quite different from any other part of the Okanagan Valley. The Kamloops orchardists are almost entirely dependent on the McIntosh crop. For most efficient marketing of the district's production of vegetables and apples it is almost a necessity that there should be an early and complete movement of the McIntoshes. If the apples go early to market it helps the onion and potato producers by permitting the shipment of mixed cars.

The growers believe there is no hope for the future unless the restrictions imposed on this area by the B.C. tree fruit board are eased or lifted; therefore they intend petitioning for permission to leave the control set-up.

Major McElligott suggested that the board leave to the council the task of deciding whether the board of trade will support the orchardists in "this serious and very intricate question." By motion, the board agreed.

Market, shipped a carload of hogs to the Enderby on Wednesday. The shipment brought \$10 per hundred to the local farmers.

Mr. and Mrs. C. Stocking, of North Enderby, spent Saturday visiting with friends in town.

Harry Worthington, who has been receiving medical treatment in the Enderby General Hospital during the past few weeks, was able to return to his home again on Wednesday of last week.

FARMERS' FILLING SILOS All the local farmers are busy filling their silos since the slight frost around the Enderby district. Mr. Graystone has just completed filling his own and is now filling R. Steward's.

D. Strickland was able to finish his wintering of the Enderby stock, of Grindrod, was noticed filling his in readiness for the feeding of his large herd of dairy cattle during the winter months.

Ted Peel motored to Salmon Arm on Friday evening accompanied by his mother, Mrs. M. M. Peel, his sister, Mrs. A. Broe, and Miss M. V. Beattie, who left by train for Kamloops where they spent the holiday week end, visiting at the home of Miss L. Beattie and Miss H. Beattie.

On Monday afternoon Mr. and Mrs. Tom Kearney, of Kamloops, motored to Enderby accompanied by three visitors. After a few hours Mr. and Mrs. Kearney returned to the main line city.

CRUSHED BETWEEN LOGS Olaf Nelson was slightly injured on Friday when he was crushed between two logs at Mabel Lake. Mr. Nelson was helping to load logs for Joe Kass when the accident occurred. He was immediately rushed to the Enderby General Hospital where he is under medical care.

With the fall season approaching most of the local farmers are noticed plowing and burning in readiness for the coming season.

John Harvey has been burning stumps on his property to get new land into shape for fall sowing.

D. Strickland and Harry Danforth have both just completed fall plowing on a new strip of pasture land and have sown it to fall wheat.

Mr. and Mrs. P. G. Farmer left by motor on Thursday morning to spend a few days visiting with friends at Nakusp.

DUCKS ARE PLENTIFUL A number of local residents have been enjoying these early fall mornings duck hunting. Some nice bags of various species of ducks have been brought in this week as the hunters try to fill their bags to the limit before the season closes.

Mrs. Douglas White and son have been visiting during the past week at the home of Mrs. White's parents, Mr. and Mrs. T. Sparrow.

During her stay in Enderby Mrs. White will assist in the Reeves Drug Store while A. Reeves and Ed Sparrow are on holidays.

Miss Mary Walker, R.N., who is employed on the nursing staff of the Kelowna Hospital, arrived in town the last part of the week to spend the Thanksgiving holiday visiting at the home of her parents, Mr. and Mrs. Harry Walker.

Balling is still continuing in the Enderby district. Two carloads of hay were shipped by local farmers from town on Thursday.

The Rev. Victor Sansum, M.A., will conduct the services and special music will be rendered by the church choir.

The Ladies' Aid have been making the final arrangements for the church dinner which will be held on the Monday evening, followed by an entertainment in the church auditorium.

This week the Day of Prayer was observed in the St. Andrew's United Church on Sunday, October 8, at the morning service.

Mr. and Mrs. V. McMechan have been enjoying a visit during the past week from their son-in-law and daughter, Mr. and Mrs. Wutzke, of Mabel Lake.

Mr. Wutzke is looking around the Enderby district in the hopes of finding a place on which to locate.

OYAMA TEACHERS TO ATTEND CONFERENCE

OYAMA, B.C., Oct. 9.—The Oyama school will be closed on Thursday and Friday of this week to enable the members of the teaching staff to attend the convention of the Okanagan Teachers' Federation which is being held in Armstrong on Thursday, Friday and Saturday.

The Oyama Women's Institute held a very successful dance in the Community Hall on Friday evening. Roy Enderby's orchestra provided the music for the large crowd in attendance.

Mrs. Sydney Darvill has left for Vancouver to spend a few weeks with her husband who is stationed at the Coast with the Irish Fusiliers.

Miss Rosemary Darvill is the guest of Mr. and Mrs. W. Dugate.

BUILDING FIGURES UP

PENTICTON, B.C., Oct. 9.—Building figures for September of this year are almost double that of the same month in 1938. The figures are \$19,260 for the last month and \$10,680 for September of 1938.

The totals for the year to date are well ahead of the amount to the end of September a year ago. In 1938, the permits issued totaled \$98,792 up to the end of the ninth month. This year the total is one-third greater, being \$122,435. This amount is greater than the sum for the entire year of 1938, when the total was \$122,439.

Always full of BOUNDING ENERGY!

Here's how Ted keeps so fit... and you can, too!

If Ted were ill, he'd see his doctor. First get well! Next, keep well. It's better to eat extra "bulk" every day than to make frequent use of harsh cathartics.

So Ted starts every morning this way. Knowing the helpfulness of extra "bulk" at breakfast, Ted eats Kellogg's Bran Flakes every morning—and keeps fit!

FLAVOUR? M'mm. You'll love the crisp, crunchy, mellow-flavoured goodness of Kellogg's Bran Flakes. And they're so economical! Now they cost you less than ever before. Order the golden-yellow package today. Made by Kellogg's in London, Canada.

HERE TODAY! 1940 WINNER in the LOW PRICE FIELD

THE CAR TO SEE with the "OTHER THREE" HUDSON SIX

Car illustrated is Hudson Six De Luxe Sedan, \$1098*

John Cobb Sets New Records in 1940 Hudson Six

On Bonneville Salt Flats, Utah, John Cobb, famous British sportsman, drove this 1940 Hudson Six to new stock car records for its class, certified by the Contest Board of the American Automobile Association!

Then this same car (equipped with overdrive and optional gear ratio) went on to cover 20,000 miles at an average speed of 55.5 miles an hour—setting 58 more Class D and 23 unlimited records! Endurance, so convincingly proved in this racking "torque test," means longer life, lower upkeep cost and higher resale value to Hudson owners.

Then another Hudson Six, similarly equipped—and driven a constant 29.8 mile average speed—covered 1,000 miles per (Imperial) gallon of gasoline! You can get identical cars from any Hudson dealer, and even in "stop-and-go" driving, which of course uses more gas, Hudson Six economy will amaze you.

HUDSON ALSO PRESENTS 1940 WINNERS IN EVERY OTHER POPULAR PRICE CLASS... NEW HUDSON EIGHT and SUPER-SIX • NEW COUNTRY CLUB SEDANS

CONSTIPATION IS A TRAITOR

Constipation sours you on the world and turns the world against you. Get at the cause of your gloom and irritability. Restore your system to regular habits with Kellogg's ALL-BRAN. ALL-BRAN helps supply the soft, bulky mass your bowels need for "regular" movement. (Ordinary foods often fail to supply proper "bulk"). And ALL-BRAN is a rich source of Vitamin B₁, Nature's intestinal tonic. Eat ALL-BRAN every day and drink plenty of water. It's the constructive way to deal with common constipation due to diet deficiency of "bulk."

ALL-BRAN IS A FRIEND

ARMSTRONG TO FORM RED CROSS SOCIETY

Meeting in City Hall Elects S. R. Heal President Of New Organization

ARMSTRONG, B. C., Oct. 9.—At a well attended public meeting held in the city hall at Armstrong on Friday evening, it was decided to form a branch of the Red Cross Society.

Mayor Adair, who presided, explained the necessary steps that had to be taken to form a branch and a motion that a Red Cross Society be formed was carried without any opposition. The following officers were elected: President, S. R. Heal; 1st vice-president, E. Poole; 2nd vice-president, Mrs. F. J. Becker; secretary, Mrs. W. J. Smith; treasurer, C. H. Jenkinson.

The meeting was informed that Reeve Noble had donated a turkey which was to be raffled to raise funds for the society. He was awarded a hearty vote of thanks for his donation.

The question of whether to proceed with the proposed swimming pool was brought up and after a short discussion in which it was shown that the feeling of the meeting was against proceeding with the project at present it was decided that the swimming pool project be left in abeyance until spring.

VERNON TEACHER IS MARRIED AT OLIVER

J. E. Pugh And Miss Hazel Fuller MacLaren Are Wedding Principals

A wedding of interest to many in this city was solemnized in Oliver, when J. E. Pugh, a member of the teaching staff of the Vernon High School, and Miss Hazel MacLaren, Fuller were united in marriage in the Anglican Church, of that centre, on Friday, with Rev. F. C. Briscall officiating.

Previous to coming to this city, Mr. Pugh taught in Oliver, and his bride has been a member of Oliver school staff for the past two years.

The couple were attended during the ceremony by Miss Lucy Crafter and John Henderson of Oliver. Mr. and Mrs. Pugh will reside in this city.

FORESTRY FILMS ARE SHOWN AT WESTBANK

WESTBANK, B. C., Oct. 9.—The annual showing of the Forestry Association films in the Community Hall at Westbank on Tuesday, October 3, attracted a large attendance of both kiddies and grown-ups.

The films showed the growth of B. C. timber from the seed to maturity, forest fire scenes, and the uses to which timber is put. Week end visitors to Pentiction included H. Menzies, and Mr. and Mrs. E. Lundin. Miss Velma Currie and her cousin, Miss Wilma Penzton, travelled to the latter's home at Salmon Arm, for the holiday week-end.

Mr. Shatto sustained a rather serious injury to his head while working in Hewlett Bros' garage last week, and is confined to bed as a consequence.

The teaching staff of Westbank school, including Miss A. E. Coles, B.A., principal; Mrs. R. A. Pritchard, Miss Jacqueline Paynter, and H. Menzies are making plans to attend the teachers' convention, which is being held at Armstrong this week.

In the local packing-houses Macs are practically cleaned up, with Jonathans and Delicous next in line.

MILLION BOX MARK IS NOW APPROACHED
B.C. Fruit Board Figures On Season's Sales Are Released

Shipments of apples from the Interior district are approaching the first million boxes as the total on Saturday, September 30, at \$75,233 boxes. For the combined area, the B.C. Fruit Board figures issued on October 5 showed that there is still a balance left unsold of 5,017,713. Domestic shipments up to that time amounted to 652,281 boxes and export to 222,657 boxes with the cannery absorbing 295 boxes. McIntosh comprise the big shipment to date, of course, with 342,088 leaving in the first rush with another 160,756 to the export market, for a total of half a million boxes. Wealthies have reached the respectable total of 229,416 boxes shipped.

There are still 84,363 boxes of Wealthies to be moved from the entire area, which is considered a reasonable total for this time of year.

TAKES OFF GRIME WITHOUT SCOURING

NO need for hard rubbing and scrubbing when you use a solution of Gillett's Pure Lye. It cuts right through grease, clears clogged drains, keeps out houses sanitary and odorless, scours pots and pans, takes the hard work out of heavy cleaning. Keep a tin always handy.

War News

(Continued from Page 1)

The west starts on the second month in an atmosphere more of armed diplomacy than war, the form it is likely to assume becomes clearer. From the Allied viewpoint it is a siege on a vast scale in which Germany is a fortress, and the armies, navies and air forces of Britain and France follow the strategy of old-time besiegers in methodically cutting the fortress's supplies, thrusting in and weak spots in the walls, and harrying defenders with surprise raiding attacks.

Meanwhile Soviet Russia is communizing eastern Poland as fast as the Red Army advances into the partitioned Polish state. Supported by truck loads of Communist literature and large pictures of Joseph Stalin, communism is being brought nearer Central Europe. One of Nazi Germany's favorite pieces of strategy is to send soup kitchens behind the Army, in an effort to win over the population in occupied territories—but the Communists send propaganda trucks, with the Army and start right in converting the populace. Governing committees are being set up—and militias are being formed to police towns and villages, and factories are now in the workers' hands, with the Russian on each factory committee. Smaller workshops, however, have not been touched. The partition of large estates, of which there are many belonging to Polish noblemen, is expected to start soon. The trucks carrying Communist literature and Stalin's pictures halt at the towns and villages to preach the Bolshevik theory.

A Polish government without a country was established in France. In a dramatic ceremony at the Polish Embassy in Warsaw, Stanislaw Rakaczewski, President of the Warsaw Senate, took the oath of office as President of the Republic now divided between Germany and Russia. He succeeded Dr. Ignace Moscicki, who has been held in internment in Rumania where he fled before the German invaders. Dr. Moscicki passed through Subotica, Yugoslavia, en route to France by way of Italy. He travelled as a private citizen. Dr. Moscicki's resignation from the Presidency, which he had held since 1926, was announced minutes before the new President took the oath. Through the inauguration of Mr. Rakaczewski, the Poles sought to outmanoeuvre what diplomats called Nazi efforts to prevent the existence of a Polish Government by keeping Dr. Moscicki in Rumania without power to exercise his functions. President Rakaczewski's first act was to decree the resignation of the Cabinet headed by Slawoj Skladkowski since it was unable to function from neutral Rumanian territory.

Major-General A. G. L. McNaughton, president of the national research council and former chief of the general staff, will command the first Canadian division of the Canadian active service force. It was announced Friday night by the national defence department. Major-General McNaughton, an officer with outstanding military qualifications and long experience, was temporarily retired from the active list of the Canadian militia when appointed president of the research council, June 1, 1935. He is to be released from that position and is taking up active military service again. He will assume the duties of inspector-general of units, First Canadian division, C.A.S.F., and will assume command of the First Canadian division when the units are assembled according to the defence department announcement. As commander of the First division, military sources said it would be logical to assume that General McNaughton might become commander of the Canadian corps if other divisions are sent overseas.

Loose uniforms that somewhat resemble skiing costumes will be the new khaki garb of the Canadian Active Service Force. There will be no buttons to shine and no puttees to roll. The new uniform, to be issued as soon as factories can turn them out, consists of a roomy wide-sleeved blouse, something half way between the old-fashioned tunic and a civilian windbreaker, and loose trousers with a high waist and plenty of room around the hips. At the ankles, the trousers have cloth tabs, they may be buttoned tight. On active duty the trousers will be buttoned and enclosed beneath canvas gaiters about six inches high. Off duty the trousers will look like ordinary slacks. Headgear is a wedge-shaped cap.

War Strategy Is Outlined To The Kinsmen Club

Capt. R. F. Wynne Analyzes Various Features Of Present Conflict

Members of the Kinsmen Club at their dinner meeting on Tuesday evening, heard Capt. R. F. Wynne, M.C. of Oyma, give a graphic and intriguing outline of strategy that appears probable in the European conflict.

One theme stressed by the speaker was that a giant effort by Germany to annihilate the invasion of the neutrality of Switzerland, Belgium, or Holland, or perhaps all three, must be reckoned with.

But there was a compensating factor given equal emphasis. "The Allies are ready for all moves contemplated by the Reich."

"The outstanding event of the first few weeks of the war has been the stunning defeat of our gallant ally Poland by the overwhelming war machine of the German Reich. We all know the heroic story of how the Polish forces, outnumbered, out-gunned, out-tanked, and dominated from the air, were able to retreat in order to hold out, and were isolated and enveloped. The withdrawal of those Polish armies, methodically carried out while fighting on the retreat, will go down in military history as a prodigious feat of arms. For though every position they attempted to hold was plastered with bombs until it became untenable, there was no panic or loss of morale. Even up to the last the defenders of Warsaw were counter-attacking, and even capturing prisoners. Surely this proves that man to man and, on even terms, a Polish soldier is a match for any German soldier."

There has unfortunately been widespread adverse criticism of the Allied lack of assistance to Poland in her hour of agony. This criticism is unjustified as it is inimical to the cause of the Allies. The real facts of the situation can not be too widely disseminated. The Polish Government was definitely informed by the Allies, previous to the outbreak of hostilities, that for geographical reasons they could not lend assistance to Poland. To make it quite clear that Poland was not misled in this regard, Mr. Chamberlain quoted in the House of Commons the words of a Polish general addressed to the Allied Military Missions immediately after the outbreak of war. The general said: "We shall fight. Our country will be overrun and we shall suffer terribly. But if you come in, we shall rise again." That general not only voiced his complete confidence in the Allies, but also his profound understanding of what inevitably happens to his country.

But, people, enquire, why did not the Allies send aerial aid to Poland? There has been no official answer to this question, though it is easy to surmise why they did not send such help.

"First we must remember that the aerial forces of the Allies are daily increasing in strength," said the speaker, "there are various overseas commitments it is vitally necessary to meet. The combined air fleets of the Allies are probably numerically smaller than those of Germany. The Allies cannot send large aerial fleets to Poland, unless they were assured that conditions there offered a strong probability of successful engaging the German war planes. Such conditions did not obtain. A large portion of the Allied fleet would undoubtedly have met the same fate without any advantage to Poland."

THE WESTERN FRONT
Turning to the western front the speaker found that in certain quarters criticism is aimed at the Allied High Command.

However, an army has seldom taken the field with greater confidence in its commander than the rank and file of the Franco-British forces have in General Gamelin. He proved himself a strategist, and in the intervening years he has prepared both himself, and his army, to face this giant struggle which he always realized was inevitable. All recognize that the mechanization of armies, and the employment of vast fleets of war planes, has revolutionized warfare. General Gamelin has spared no efforts to master the tactical technique necessary to meet the ever altering conditions. The defense of his country, and his country's honor, has been the outstanding objective of his life. His recent operations have resulted in the conquest of about 150 square miles of

OKANAGAN MUSEUM GROUP IS ACTIVE

KEDOWNA, B.C., Oct. 10.—With a short period in general meeting of the Okanagan Museum and Archives Association will be held in Kelowna. This organization was formed in 1937 but, due to several circumstances, has not held any further general meetings nor has it been active.

Recently the Kelowna directors of the association gathered and included Mayor O. L. Jones, A. K. Lloyd, P. M. Buckland, Dr. B. P. Boyce, E. R. Bailey, R. G. Rutherford and Chairman Dave Chapman.

P. M. Buckland informed the meeting that the collection of curios of M. P. Williams, of Winfield, had been donated to the association and is now on display at the Okanagan Union Library headquarters on Bernard Avenue in Kelowna. Glassed-in shelves have been provided by the association at the library for the purpose of exhibiting Okanagan curios and relics.

Considerable discussion arose as to the possibility of providing a proper museum space in Kelowna for the protection and display of valuable curios, and Dr. B. P. Boyce considered that the city should be approached to provide the necessary housing facilities.

Mayor O. L. Jones replied that if it can be proved there are sufficient exhibits available, then the city will provide housing for them.

enemy territory, "and we must remember that such an advance in the Great War would assuredly have entailed at least a hundred thousand casualties."

By a series of masterly movements he has manoeuvred his forces into positions which dominate important positions of the Siegfried Line. From one ridge he has captured, to the north of Saarbrücken, he can enfilade by gun-fire ten miles of those fortifications. The defending commanders have apparently been bewildered by the swiftness of his attacks, and the precocity of the numerically insignificant forces with which he has carried out his tactics. For small French forces have attacked, and captured, strategic positions, with a business-like confidence bordering on contempt. Moreover, in most cases, these gains have been held against determined counter attacks. General Gamelin may be said to have insinuated his advance line into dominating positions, by a series of methodical movements, each of which opened the way for further progress.

Military commentators in Britain and France are of the opinion that Germany will eventually violate the neutrality of Luxembourg, Belgium, Switzerland, and probably Holland. Until Germany shows her hand in this respect the Allied generalissimo can only adopt an attitude of watchful waiting. It is taken as an accepted fact that, for internal reasons alone, Hitler must launch a major offensive in the near future. His criminal disregard for treaties gives him the choice of three possible routes by which he could reach French territory. . . . through Belgium, through the Netherlands, or by a frontal attack on the Maginot Line. The threat of these attacks virtually deprives the Allies of the initiative for the present at least.

It is conceded that a German onslaught against Switzerland would succeed, even though the Swiss put up a strenuous defense. However, a German army passing through Switzerland would find an Allied army in prepared positions, when it attempted to cross the French frontier. Irrespective of any military advantage from such an offensive, the Allies are able to boast to his people of the invincibility of German arms by a victory over the Swiss.

An attack against Belgium would necessitate the use of large German forces to make success possible. Belgium has 600,000 men under arms, and her frontier with Germany is defended by fortifications similar to the Maginot Line. Moreover the Allies have arranged to dispatch immediate reinforcements to her assistance. The fact remains, however, that a large German army has been sent to Belgium, with a few miles of where the boundaries of Germany, Belgium, and Holland meet. There is more than a possibility that Germany intends invading Holland in that vicinity, and after crossing the border swinging south against the Belgian frontier, which is only lightly fortified in that region.

Germany's third choice is of course an attack on the Maginot Line, either delivered through Luxembourg or from her own territory further south. Probably General Gamelin is already hoping for such an offensive. Had he consolidated the territory he has conquered, and German forces would be able to recapture it only by a major attack. It must be remembered, however, that hastily constructed fortifications can not stand up against a major attack, backed by a heavy concentration of gun fire.

Here the speaker gave a graphic outline of what modern "attack" entails.

"In war time one must always strike an optimistic note," said the speaker, concluding. "The Allied peoples have every reason for optimism. The French and British Empires are united as never before. They are both definitely determined that the freedom of small nations shall be preserved, and the menace of Nazism be stamped out forever. There is only one cause for gloom, and that is the terrible tragedy which has overtaken heroic Poland. But Poland is only temporarily dead. The chivalrous manhood of the French, and British Empires, will prevail over Berlin."

"When the day of victory dawns for the Allies, as it must, it will be a triumphant, compelling call will go out from the civilized peoples of the world. . . . Arise ye dead. Then from the graveyard of a nation's glory a valiant race will be resurrected and Poland will again be free."

HOME NURSING CLASSES TO BE CONDUCTED BY LOCAL ORGANIZATIONS
Dr. E. W. Prowse, president of the local branch of the St. John's Ambulance Association, states this week that a series of lectures in home nursing are to be given by both the Red Cross Society and the St. John's Ambulance Association.

Brought Honor To Vernon District

Above is Panama Fairfield, the second bull for the N.C. Ranch, here, who made such a name for himself this past season. This senior yearling was the grand champion B.C. bred bull, and won high praise as he swept the boards at Vancouver and Victoria. As will be seen, he has very thick flesh, very smooth, and makes great scale.

MAKES STUDY OF B. C. TREE FRUIT INDUSTRY

Miss Katharine Middleton Concludes Very Complete Tour

Miss Katharine Middleton, home economics editor of the Winnipeg Tribune, who during the past week has made a complete tour of the Okanagan gathering information on tree fruits and the vegetable growing industry in B.C., left on Monday evening for Vancouver and Victoria.

Miss Middleton arrived in Vernon from Winnipeg a week ago Monday when she addressed the Rotary Club here. Following that address, she left for Kelowna where she met several leaders of the Okanagan fruit industry including A. K. Lloyd, president of the B.C.F.A., and David McNair, sales manager for Tree Fruits Ltd.

Wednesday she spent in the Oliver district where she addressed a meeting of the Women's Institute. The next day she went to Penticton where she visited the Canadian Cannery plant.

Then on Friday she returned to Kelowna and addressed the Rotary Club there and that evening spoke over the radio. On Saturday she spent the day at the Dominion experimental station in Summerland.

To wind-up a very full week, she returned to Vernon on Sunday and after a short visit left for Mabel Lake as the guest of Mr. and Mrs. Frank Boyne and Miss Alice Stevens.

During her visit in this district, Miss Middleton made a tour through A. T. Howe's packing house in the Coldstream and Bulman's dehydrating plant in the city. She also met and talked with Bryson Whyte, chief supervisor for fruit inspectors in B.C., and H. H. Evans, governmental district fruit inspector here.

WAR FLASHES

(Continued from Page 1)

cities continued observers insisted today would refuse to give any concessions such as those which reduced Estonia, Latvia, and Lithuania to the status of wards of Moscow.

On the Western Front, Hitler's army increased the pressure of its new "suicide squad" tactics and applied them to all advance French posts between the Moselle and the Saar. The loss of Nazi lives continued very heavy, late French communiqués reported and all attacks were repelled.

Thus far the French, according to an announcement early today, have seized 150,000 tons of German contraband, including 40,000 tons of minerals and 40,000 tons of food.

British artillery aided French in a heavy bombardment in the Saar zone, cutting off communications and raising blockhouses battering the Siegfried line beyond the Saar River.

In the House at London, War Minister Hore-Belisha revealed the set-up of the British army in France, now numbering 158,000 with 25,000 vehicles.

Poultrymen! BREEDERS' MASH
Reg. No. 101
WILL
SHORTEN THE MOULT
Bring your birds through in good flesh.
Promote quick feather growth.
Build vigor and productivity in your pullets.
Build stamina in your flock with a consequent immunity to disease.
Produce eggs at a lower feed cost per dozen.

Ingredients: Ground Wheat, Cornmeal, Bran, Ground Oats, Ground Barley, Meat Meal, Fishmeal, Dehydrated Alfalfa, Leaf Meal, Wheat Germ Meal, Dried Milk, Linsed Oilcake Meal, Feeding Steamed Bone Meal, Ground Limestone, 0.5% Iodized Salt, Cod Liver Oil.

We recommend you feed VITA Breeders' Mash until your birds reach about 50% production. Then change to VITA Laying Meal.

Export Prices

(Continued from Page 1)

and effective on October 16, the rate will go up still further to 50 cents and 75 cents respectively.

On all contract shipments to the Old Country the increase in price will have to be borne by the Old Country buyer, but the situation will eventually affect the Okanagan shipper and producer as if the British buyer does not make any money on Okanagan fruit he will lose interest in the deal.

On the Pacific, the rate was originally 77½ cents and was raised to \$1.05 in American funds. Now the rate has gone up to \$1.16, which is the equivalent of \$1.25 in Canadian funds, or a raise of almost fifty cents.

One Danish boat, the Europa, sailed this week from the Pacific coast, it is understood, and a Knutson liner, a Norwegian ship, is to sail next week, both carrying Okanagan apples for the Old Country. These two neutral vessels will be conveyed across the Atlantic, in accordance with an agreement made with the British government.

In his recent address the Rt. Hon. Winston Churchill suggested that such an arrangement would be concluded with neutral ships.

It is expected that after these boats, which the Admiralty will continue to ply those waters rather than make the long haul back to the Pacific coast again.

An equivalent of fifty percent of the apples exported last year have gone to Great Britain since the start of the exporting season in 1939, it has been estimated in the Okanagan.

Kelowna Man

(Continued from Page 1)

Vancouver before going to Vernon in 1933.

At first Mr. McKenzie worked for W. R. Megaw, but shortly afterwards he opened the grocery business known as McKenzie & Martin, Grocers. There he stayed until 1909, when the family moved to Kelowna and Mr. McKenzie became manager of the grocery department of Thos. Lamson Ltd.

On August 1, 1912, Mr. McKenzie bought the stock and fixtures of Thos. Lamson Ltd. grocery department and moved them to the Sutherland block, where he opened his own grocery store. For twenty-seven years, Mr. McKenzie has been serving the public of Kelowna and his unquestioned integrity and pleasing personality made him an untold number of friends and customers.

Besides his wife, he leaves five sons, Carl in Calgary, Hugh at San Francisco, Murray in Rossland, George at home in Kelowna, and Allan at the University of Alberta, Edmonton. One daughter, Kathleen, died on February 26, 1920. Four brothers survive the deceased man, John, at Toronto; Will, at Waterloo, Ont.; Hugh, at Elmore, Alberta; and A. E., at Cardston, Alberta.

His brother Hugh, arrived from Elmore on Tuesday while all the sons had arrived home prior to the father's demise.

Funeral services will be held from the Kelowna First United Church at 2:30 o'clock this afternoon, Thursday, October 12, with Rev. Dr. W. W. McPherson officiating.

Town and District

Mrs. George N. Gartrell, of Sumnerland, visited over the week end at the home of her sister, Mrs. J. Crawshaw, of this city.

Miss Patsy Cochrane and Miss Jean Macdonald were visitors to their homes here from St. Ann's Academy in Kamloops over the holiday week end.

Miss Evely Cools and Miss Adry Cools returned to the Coast on Monday after having spent the week end visiting their parents, Mr. and Mrs. J. Cools, of Okanagan Centre.

Mr. and Mrs. V. L. Stewart, of Vancouver, spent a brief visit in this city on Monday while on their way to Kelowna where Mr. Stewart planned to spend a week on business.

Mrs. F. H. Meek is leaving today, Thursday, for Vancouver where she will spend several days, and attend the wedding of her son, Lieut. W. F. Meek and Miss Ruth McMorde, next Monday.

Mrs. D. J. Sullivan received the sad word here this week of the death in Vancouver on Saturday of her mother, Mrs. E. C. Egan. Funeral services are to be held today, Thursday, in Winnipeg.

W. A. Griffin left on Tuesday for Vancouver where he has been called for service with the Royal Canadian Mounted Police Reserve. Mr. Griffin came to this city about a year ago when he entered into business here. His wife and family plan to remain in Vernon.

Frank Clark, accompanied by Mrs. Clark, left this week for Kamloops where he has joined the staff of the Safeway Store. Mr. Clark came to this city about a year ago in the local Safeway Store has been taken by John Collin, who arrived here this week from Kamloops.

As the special speaker for its autumn thank-offering meeting, to be held in the United Church on Tuesday evening next at 8 o'clock, the Woman's Missionary Society will have Mrs. R. N. Bray of Salmon Arm. There will be special music also, and a social hour will be enjoyed at the conclusion of the regular business.

W. S. Harris, G. W. Griffiths, H. McLachlan and W. Rogan returned to this city on Wednesday after four days spent at Trout Lake, in the Arrow Lakes district, where they enjoyed some very successful fishing. An excellent catch, which included fish ranging from 6 to 11 pounds in weight as well as a large number of smaller ones, was reported by the party.

Mr. and Mrs. A. L. Nivens have as their guests this week Mr. Nivens' father, A. L. Nivens, and his aunt, Miss A. Officer, both of Winnipeg. Mrs. Nivens' mother, Mrs. H. G. Suggitt, and her brother and sister-in-law, Mr. and Mrs. L. Suggitt, of Penticton, are also staying at the Nivens home. Mr. Nivens, Sr., and Miss Officer arrived in this city on Monday and expect to spend a week or ten days here. Mrs. Suggitt plans an extended visit in Vernon.

The plan known as Voluntary Registration of Canadian Women is to be conducted in this city from October 16 to 21 under auspices of the Women's Institute. The day will be open from 1 to 5 o'clock every afternoon during the week and also on Tuesday and Thursday nights from 7 to 9 o'clock. Any woman who is a Canadian citizen is requested to register herself, and to offer certain details, which may be of national value at a time of emergency.

The annual meeting of the Vernon and District Crippled Children's Committee is to be held tomorrow night, Friday, at a public function when John Russell, president of the Vancouver Crippled Children's Hospital, will speak on the work being done by the organization. The meeting is to be held in the Board of Trade room at 8 o'clock. Aid for this most worthy cause should be most effectively supported. It is submitted by the local officials in charge.

A large family re-union was enjoyed on Thanksgiving by Mr. and Mrs. O. W. Hembling and their sons and daughters, together with children of the latter. As many as 10 gathered at the family residence in Oyanma, Mr. and Mrs. Hembling who are at Creston at present, motored over here for the family week end, and with them for the occasion were Mr. and Mrs. George Hembling, Mr. and Mrs. W. A. Thom, of Vernon; Mr. and Mrs. Edgar Hembling, of Vancouver; Mrs. O. Jiggs, of Nelson; Miss Dorris Hembling and Clarence Hembling.

An attractively decorated hall-room, a large and friendly crowd, and a good orchestra all combined to make the annual Junior Hospital Auxiliary dance in the Empress Ballroom one of the most enjoyable social functions to be held here for a number of months. The dance this year was staged as a Mexican Fiesta and the entire ballroom was decorated in keeping with this atmosphere of "Old Mexico". The Auxiliary states that they are very pleased with the results of the dance and while a complete financial report is not yet available, it is felt that it was financially successful.

The Vernon News has come into possession of an interesting relic. It is the magnifying glass which the late James Grier used to read the type he set by hand for the Sloane Ledger, at New Denver, B.C. Mr. Grier was extremely short-sighted and after he laboriously set the type by hand he used to examine it line by line to correct any errors in the type which might have got in the wrong box in the case. The glass is a powerful one. It has served a useful purpose. The man who purchased it has passed away, and the newspaper he strove so mightily to preserve has disappeared but still the glass is useful. It was given to The Vernon News by W. E. Ellefson, formerly owner of the Roseland Miner.

JUNIOR BOARD GIVEN ANALYSIS OF RED CROSS

Prowse Is Special Speaker—Grant And Armstrong Are Also Heard

At their first dinner meeting of the fall season, the members of the Vernon Junior Board of Trade entertained visitors from Junior Boards in Kamloops and Kelowna, in the Women's Institute Hall on Tuesday evening.

In addition to the club's regular program of business, those present listened with interest to addresses by Dr. E. W. Prowse, who outlined the history of the International Red Cross Society, H. A. Grant, who spoke of the health of the senior Board of Trade here, and J. E. Armstrong, of Kelowna, who presented a report on the Canadian Junior Chamber of Commerce national convention which was held in Calgary early last month.

In opening his remarks, Dr. Prowse said, "Now that Red Cross is taking such a large part in the nation's everyday life, it perhaps would be well to know something of the history of the organization."

"International Red Cross," he stated, "had its beginning in Switzerland in 1863, when a meeting of representatives of the civilized nations of the world was held to organize a society which could help to alleviate the sufferings of the people of the world at a time when they were visited by disaster."

but the following year, in 1864, another was called and it was started an organization to administer help to all nations impartially in times of war, he explained.

Five years later, the British Red Cross Society was formed and from this the Canadian Red Cross Society took the name Red Cross.

"Workers of the organization in war are looked upon by belligerents as neutrals and their tasks are carried on without molestation from either side," the speaker continued. "During the Great War, Red Cross developed very fast. Its various forms of aid being ambulance work, nursing, the raising of funds to carry on the Society's efforts, and the making and raising of medical supplies and clothing to send to the war-torn areas."

The work of the Society is not only confined to war work, Dr. Prowse explained. During times of peace, when national emergencies arise in the form of earthquakes, floods, storms and other forms of devastation the Red Cross does its part to alleviate the sufferings of the affected people.

"International Red Cross," he continued, "has 15,000,000 members in 65 countries."

In commenting on the Canadian Red Cross Society, the speaker explained that it was formed in 1896 under the leadership of Dr. George Reasoner who helped the sick and wounded during the Riel Rebellion.

Dr. Prowse further remarked that the Canadian Red Cross Society sent the first overseas branch of the British Red Cross to France in the Great War.

The speaker in closing, also commented on the work of the Junior Red Cross which has a membership of 19,000 children in 52 countries.

"The main object of this Junior branch of the Red Cross Society is service to others with the ultimate aim of promoting international friendship," he said.

In this regard, portfolios showing scenes from their everyday life are exchanged by clubs in different nations in order to promote a better understanding of the way in which the children of different lands throughout the world live. And, Dr. Prowse concluded, "the first portfolio for international exchange was made in Vernon and it is now in a museum in Washington, D.C., where it is greatly prized by the United States Society."

Following Dr. Prowse's address, H. A. Grant, on behalf of the senior Board of Trade, spoke to the meeting. Mr. Grant, who is the head of the co-operation committee in the senior Board, stated that the idea of a better spirit of co-operation between the various towns in the Valley and in the Interior.

He said, "There was never a time when co-operation was needed more. Many of the little jealousies that have arisen among the Interior towns are based on misunderstanding and, for the most part, are consequentialities. These can be erased by promoting among the Interior towns a better spirit of co-operation."

He concluded his remarks by saying, "Essential co-operation behind the scenes what goes things done, and it is this sort of co-operation that the Vernon Board of Trade is trying to promote through its newly formed committee."

After Mr. Grant, had spoken, J. E. Armstrong presented a very complete report of the recent Junior Chamber of Commerce convention to the meeting.

He commented on the wide scope of the work that is being done and can be done by the Junior Boards of Trade and he said that it would appear that the organizations across Canada are making their work more effectively felt every year.

At the end of his report, he presented the Vernon Junior Board of Trade with its membership certificate, representing its affiliation with the Canadian Junior Chamber of Commerce.

T. Everard Clarke, president of the Vernon Board of Trade, addressed the Revelstoke Rotary Club last Friday when he stressed the value of the better spirit of co-operation for the attraction and urged that it should be given the wholehearted support of the Interior as such an attraction. He also explained fully the reason for the recent increase in the price of butter and its benefit to the farmers.

It was announced this week that November 8 has been set as the tentative opening date for skating in the Arena. This would open the season six days earlier than last year and it is believed that by this time the hockey club will be ready to start its try-outs for those who have applied for berths on the immediate team. A try-out of the club was held on Wednesday evening and while no plans have been completed, it is understood arrangements for the hockey set up are well under way.

NATIONAL DAY OF PRAYER OBSERVED IN UNITED CHURCH

The National Day of Prayer and Intercession proclaimed for Sunday, October 8, by the Prime Minister of Canada, the Rt. Hon. W. L. Mackenzie King, was solemnly observed by the Vernon United Church last Sunday evening.

The scripture lesson was read from Second Chronicles 20, 1-18, a moving story of a King of Judah holding a national day of prayer in an hour of great crisis in the days of long ago. Kipling's great religious hymn, "Recessional" was sung fervently by a reverent congregation after prayer had been offered for the British people, for soldiers and sailors, for anxious ones at home, for refugees, and for the wounded, the suffering and dying, whosoever they might be.

The Rev. Dr. Jenkins Davies preached from the text, "In everything by prayer and supplication with thanksgiving, let your requests be made known unto God."

Dr. Davies said it would be tragic if we could not pray in time of war, because of supposed difficulties in prayer arising from Christians on opposite sides each praying for the victory of their own army. But no one who understood true Christianity, prayer would admit such difficulties, he urged.

He said that a National Day of Prayer, he proclaimed, was Canada's witness that she was a Christian Nation, and holding the Christian view of the place of God in human national affairs. It stood for religious liberty.

"Is there any other nation in the world having a Conscientious Objector Clause in its Conscription Bill?" he asked.

Let all betake themselves to prayer more than ever in time of war; for sorrow, anxiety and trouble had all been brought forth in prayer. It brought those who had faith in prayer into the warm circle of God's loving care. It spoke of a trust in the wisdom of God and a faith in the ultimate reign of righteousness among individuals and among peoples.

He declared from the perspective of the Eternal God who sees all sides and all issues of every question, whose justice was the Father's mercy.

PLAYERS' CLUB AT KELOWNA IS HEADED BY MRS. JAMES LOGIE

KELOWNA, B.C., Oct. 9.—First general meeting of the Kelowna Players' Club was held at the Orange Hall on Tuesday evening, October 3, with a large number in attendance. Reports by the retiring directors indicated that the season had been a successful one and a favorable bank balance was indicated.

Mrs. James Logie was the choice of the club as the president for the 1939-40 season with James Macdonald as vice-president, Mrs. P. J. Kitley as secretary, with Ian MacLaren being re-elected treasurer. The committee consists of Mr. Bissell, Robert Cheyne, and Miss McQueen.

DROWNED IN LAKE

OLIVER, B.C., Oct. 9.—The body of John Fawcett, 26 years of age, was recovered from the chill waters of Vaseaux Lake on Saturday. The Penticton young man was drowned when the car in which he was riding went off the highway about 6 miles north of Oliver and plunged into 25 feet of water.

Three other occupants of the car escaped death by swimming ashore. They were William St. Clair, Miss Nancy Harvey, and Miss Edna Cook, all of Penticton. The car, a 1938 International light delivery, was driven by St. Clair, and belonged to his father, James St. Clair. Police, it is understood, are expected to lay a manslaughter charge against the driver.

Jack Walmsley, of Nelson, coach of the Maple Leaf senior lacrosse team in that city, arrived here this week and, it is understood, plans to apply for the position of coach with the Vernon Hockey Club.

Now that the colder weather has begun to set in, local winter sports organizations are making their plans for the coming season. Among the first of these to meet will be the B.C. Dragoons Badminton Club which has called its organization meeting for Friday of next week in the Board of Trade room. There is every possibility that the Army may not be available for badminton this year and that is one of the main obstacles that will have to be overcome by the club.

PENTICTON MERCHANTS CHANGE STORE HOURS

PENTICTON, B.C., Oct. 10.—At a well-attended and representative meeting of the retail merchants of Penticton, two important decisions in respect to store hours were made. For one group of merchants, Saturday closing hours will be extended, and for the other, hours will be shortened, each being for a portion of the year only.

Under the proposals made at the meeting, drygoods, department and shoe stores will be open for an extra half hour on Saturday night, from July 1 to December 31, inclusive. Under the second proposal, grocery and butcher stores will close at 7 o'clock as from January 1 to March 31, inclusive. The balance of the year, in each instance, the closing hour will be 8 o'clock. No other changes in closing hours were recommended by the gathering.

MANY FRIENDS MOURN PASSING OF G. REEVE

Well Known Resident Of Okanagan Centre Dies In Vernon Hospital

OKANAGAN CENTRE, B.C., Oct. 9.—After several weeks' illness in the Vernon Jubilee Hospital, G. Reeve, of the Centre, passed away on Thursday last week.

Besides his widow, who resides here, Mr. Reeve leaves a daughter, Mrs. Dehnke, of Erie, B.C., and two sons, Edward Reeve, of Basy, Alberta, and George Reeve, of Okanagan Centre.

The funeral services were held in the United Church on Sunday, when many friends of the family were present. Rev. Rowland officiated.

Mr. Reeve was at his Trinity Valley property when taken ill, having lived there or in the Centre for the last few years.

Mr. and Mrs. Reeve and family came to this country from England about thirty years ago.

The Sunday School children were entertained on Saturday by their teachers, Miss I. MacLennan and Mrs. H. MacFarlane. Games were played and tea served.

Dr. and Mrs. M. A. Marshall and young son are spending a week with Mr. and Mrs. G. D. Marshall at the Centre.

GOLD MINE OPERATIONS SUSPENDED AT OLIVER

Mountain Copper Company Withdraws Financial Aid Because Of War

OLIVER, B.C., Oct. 9.—Mountain Copper Company's development operations at the Fairview Amalgamated gold mine have been discontinued.

The English company relinquished their option a few days ago and work was at once discontinued.

The reason given for dropping the Fairview project was that the company's capital in England had been tied up because of the war. Mountain Copper also dropped two mining prospects in the United States for the same reason and shut down one of their mines also in the U.S.

The Mountain Copper company's action in the matter of the Fairview Amalgamated has no reflection on the actual worth of the mine, and Fairview officials have every reason to believe that it can still be developed into a large scale property.

Old Country Fruit Market Is Rapidly "Digesting" War

Experience Of 25 Years Ago Now Proving Most Valuable

Editor's Note.—Since war has broken upon the world, the British export market for fruit has become a vital preoccupation for the industry. The following article, written by W. B. Gornall, Canadian Fruit Trade Commissioner in London, went forward from the Old Country by air mail and was released by the Commercial Intelligence Service in Ottawa on October 2.

The market for imported fresh fruit is now busily engaged in digesting the war time emergency measures involving import licences and currency control measures, and some disturbance of trade in certain types of fruit, particularly those of the less essential kinds, has been inevitable. Also the vulnerability to air attack of the centralized markets in many of the larger cities tends to create uncertainty. General conditions, however, are becoming more settled, control regulations are being straightened out, and the trade is rapidly settling down to war time conditions, assisted to an appreciable extent by the experience of 25 years ago.

The market, while it has dealt in small quantities of Canadian apples from British Columbia and Ontario, is just meeting the first substantial offerings for sale during the present week. It is mere speculation to attempt to indicate the reaction of the market to this initial sale, but there is some possibility that prices will not be at a low level. This is particularly true for the best quality apples of good color most suitable for dessert purposes. A feature that tends to create favorable marketing conditions is the rather moderate volume of the initial shipments from Nova Scotia, and it may be that little difficulty in rapid disposal will be encountered.

Under prevailing circumstances it is exceedingly difficult to feel the pulse of the market. The uncertainty of arrivals, the paucity of shipping information, and no knowledge of supplies to be available tend to make the market very hesitant on the part of buyers, with the result that buying is on the basis of day to day requirements only.

For the present it is anticipated that London will not figure very largely, if at all, in the Canadian apple trade, and certain importing firms not normally carrying on business in other markets have arranged to transfer their activities to Cardiff, Liverpool and Glasgow. The concentration of Canadian apples at West Coast ports will not be free from difficulties, and distribution to inland secondary markets may be somewhat hampered by delay on the railways due to priority of Government requirements and restricted road transport arising from the rationing of oil fuel. These difficulties, however, are expected to be ironed out fairly rapidly and the trade will soon accustom itself to the abnormal situation.

The Cold Storage Restriction Order issued by the Board of Trade may react to a certain extent on the marketing of the English apple, and cause a larger volume of the earlier varieties to be marketed during the next few weeks than under more normal conditions. All cold storage space is under Government control and deliveries into and out of cold store can be made only under licence. This action may result in the limited quantities of apples, but notwithstanding it is anticipated that there will be a fairly large volume of fruit, particularly culinary varieties, held in cold storage for later marketing.

In addition all gas storage plants will be filled to capacity, and the space available is estimated in excess of two million bushels. This space will be devoted largely to Bramley Seedling, but there is in addition a number of large gas storage plants adapted to hold the Cox Orange under the special atmospheric conditions demanded by this variety.

ENGLISH APPLES

The demand and price trend during the past week have been somewhat easy, but with a slackening in the volume of inferior fruit, the trade on the whole indicates a tendency to become more steady and settled. Graded dessert varieties of the preferred sizes continue to receive fair attention, but small fruit and packs of inferior quality still and very much demanded at poor prices. Culinary varieties remain a very slow trade with no improvement in price levels, but with colder weather approaching demand may improve and values rise.

The following prices per standard box according to size and quality rule on the London market for dessert and culinary varieties:

Worcester Pearmain, 4/- to 7/- (Northern markets are approximately 1/- per box higher.) Lord Derby, 2/- to 3/-; Grenadier, 2/- to 3/-; Warner's King, 2/- to 3/-; Bramley Seedling, 3/- to 5/- (Northern markets approximately the same.)

AMERICAN APPLES

The situation with regard to American apples is problematical, the present level of values coupled with increased freight rates, difficulty in securing space, war insurance and duty, suggests that the flow of fruit to the United Kingdom may be restricted.

Supplies of American apples, as far as can be ascertained, have been light, largely concentrated on the Liverpool market and confined mainly to boxed Gravenstein from California. The demand for Gravenstein has been rather moderate, and at sales during the week only a partial clearance was accomplished. In Liverpool values ranged from 7/- to 8/6, but in London and Glasgow they were maintained within a somewhat narrower range. A very small quantity of Californian Jonathan, fancy grade, met with a better reception with values ranging from 8/- to 11/6 according to count.

A small quantity of barrelled apples from Virginia were available for the market, and a good demand for the best packs developed around 24/- to 26/-, but slack packs were

RAIN HAS FALLEN IN RICHLAND AREA

Fall Plowing Started This Week—Snow On Peaks—Turns Air Cold

RICHLAND, B.C., Oct. 9.—Good rains of the past week have made fall plowing possible but snow on the higher peaks has turned the weather quite cool.

The mill at the Monashee mine is now ready to begin operations. About 30 men are now employed and will be kept working all winter.

Motor freight trucks from Nakusp are hauling grain from Richland to the Arrow Lake district. Two or three trips are made each week.

O. W. Willoughby is again working his placer mine with a crew of three men.

Deer hunters are quite numerous in the district and are having good luck on their trips.

Amanda Warner is staying with Mrs. Herman Specht at Sugar Lake during Mrs. Specht's illness.

Dr. G. Morris, of Vernon, inspected the school children this week in his capacity as Health Officer. He was accompanied by Mrs. Morris.

LAVINGTON NOTES

LAVINGTON, B.C., Oct. 9.—Many friends will learn with interest of the marriage in Victoria last month of Miss Hilda Bunting to Kenneth Fighter. Mr. and Mrs. Fighter are at present travelling on Vancouver Island.

His many friends will be glad to hear that John Jackson arrived safely in England after a long wait in Eastern Canada before sailing.

Mrs. C. D. Goodenough spent a few days last week at the B.X., returning home on Friday.

heavily discounted. This variety was also available in drums, boxes, baskets and crates, and values ranged from 7/- to 11/3 according to size and package. Other barrels of apples included King David at 18/- to 20/-; Grimes Golden 19/- to 22/6, but Bonums developed a much wider range from 15/3 to 20/6.

AMERICAN PEARS

California has been the principal supplier of American pears, which, together with a small quantity from Washington, found a moderate demand at values somewhat lower than those prevailing previously.

London, Beurre, Hardy moved at 11/- to 15/- per box, while Bartlett's realized 11/9 to 13/- and Washington Anjou found a slightly wider range up to 14/-.

In Liverpool, California varieties met with a good demand but at slightly reduced values compared with a week ago. Beurre Hardy 13/- to 15/6, Bosc 9/- to 19/9, Oregon and Washington Bartlett's 11/6 to 13/-.

A somewhat wider range in values for Beurre Hardy developed in London, while Bartlett's moved between the narrow limits of 11/9 to 12/-.

CANADIAN PEARS

A relatively small quantity of B.C. Flemish Beauty were available in Liverpool, London and Cardiff. The fruit was in generally good condition but the London market failed to attract any appreciable interest and offerings were only partly cleared at 9/6 to 10/6. Somewhat similar conditions but slightly higher values prevailed in Liverpool, and at Cardiff a poor sale developed, with values ranging from 8/6 to 10/6.

Torpid Liver

Ballow complexion, biliousness, indigestion and irritable temper are the result of torpid liver action.

You can arouse the sluggish liver by using Dr. Chase's Kidney-Liver Pills and you will very promptly regain the feeling of well being, with good digestion, clear skin and cheerful disposition.

Dr. Chase's Kidney Liver Pills

KEDLESTON NOTES

KEDLESTON, B.C., Oct. 9.—Mrs. K. G. MacDougall, of Vernon, is spending a few days in the district as the guest of Miss M. Whitaker.

Mrs. J. Simmons has taken up residence in her new home across from the Kedleston school after having spent a short visit with her mother, Mrs. Campbell, of this district.

Mr. and Mrs. J. Thorlakson, of Merritt, were visitors to the district last week.

INKAMEEP INDIAN CHIEF DIES IN OLIVER AT 93

OLIVER, B.C., Oct. 9.—Chief Baptiste George, leader of the local Inkameep Indian tribe, who died last week at 93 years of age, was buried last Wednesday in the Indian Cemetery with all the solemn rites of the tribe.

Baptiste George, who was a chief for 50 years, was a capable leader, well loved by his people, and respected by his white friends of whom he had many.

Under his leadership the Indian herds of cattle grew in numbers, their fields produced bountiful crops, and the tribe prospered, for Baptiste George applied the ways of the white man to the business of farming and ranching.

The chief's only son, Narcisse Baptiste, has been managing the affairs of the tribe for the last few years.

It is expected a new chief will be chosen in a few weeks.

Two-thirds of the Argentine is arid or semi-arid.

scientific tests reveal how thousands of WOMEN

HAVE BEEN ABLE TO GET NEW ENERGY

If you feel tired out, limp, listless, moody, depressed—if your nerves are constantly on edge and you're losing your attractiveness—if you envy other women—SNAP OUT OF IT! No one likes a dull, tired, cross woman.

All you may need is a good reliable tonic. If so, just try reliable Lydia E. Pinkham's Vegetable Compound made especially for women. Let it stimulate gastric juices to help digest and assimilate more wholesome food which your body uses directly for energy to help build up more physical resistance and thus help calm jittery nerves, lessen female functional distress and give you sparkling energy that is reflected throughout your whole being.

Thousands of women have reported exceptional benefits from Pinkham's Compound. Results should delight you! Telephone your druggist right now for a bottle.

WELL WORTH TRYING.

THE GRIP OF FAULTY LUBRICATION

Poor lubrication wastes power... WASTES GASOLINE... The clutching hand of low-grade motor oil hinders the operation of any motor—causes sticky, carbonized valves and excess wear. Conserve your engine's power and cut down gasoline consumption—with Veedol. Fill your crankcase with this "extra-mileage" motor oil and feel the great improvement in the performance of your engine.

FALKLAND WOMAN'S MISSIONARY SOCIETY AIDS B. C. HOSPITAL

Highway Bridge At Salmon River Was Completed Last Week

FALKLAND, B. C., Oct. 9.—Members of the Woman's Missionary Society of the United Church met at the home of Mrs. A. Wallace on a recent afternoon to prepare a supply parcel.

The allocation this year was for the Bella Coola hospital and contained infants' garments. Many lovely and useful handmade articles of baby's apparel were donated by the members.

Refreshments were served later by the hostess who was assisted by Mrs. P. Barry and Mrs. F. Kent. Mrs. Donald Ferguson entertained on a recent afternoon at a farewell tea in honor of Mrs. George Smythe who has left with her two children, to reside at Gibson's Landing. The many friends of Mrs. Smythe wished her every success in her new home.

BRIDGE COMPLETED

The main highway bridge, under construction for several weeks over the Salmon River, has been completed.

Threshing in the district by Hoover's outfit from Armstrong is finished. Good grain crops are reported this year by the farmers. At the photographic club meeting held at E. Davies' home, the members developed prints from the negatives they had finished the week before.

There are several new pupils enrolled this year, as the boys and girls of the senior room of the school find this a fascinating hobby under the direction of their teachers, who so kindly loans his home one night each week.

After completing their work, refreshments were served by June Beddoes, who acted as hostess.

J. Biggs, mining inspector, was a visitor to the gypsum quarry in the course of his regular routine inspection. White rock is being mined this week, with Wesley Bailey using his team of horses, while the company team is loading common rock from the new quarry.

THANKSGIVING SERVICE HELD IN MARA CHURCH

Miss Helvie Witala Is Honored At Shower By Friends

MARA, B. C., Oct. 9.—A Harvest Thanksgiving service was held on Sunday evening at St. Matthew's Church with the Rev. W. B. Irwin in the pulpit.

The church was beautifully decorated by members of the W. A. with fall flowers and fruit.

Quite an impressive service was given, and a number of residents attended, although not as many as last year, owing to many being away at points south during the fruit season.

Several friends of Miss Helvie Witala gave a shower in her honor last Saturday evening at the home of Mrs. Bob Roberts with over 50 ladies in attendance. Many lovely gifts were received by Miss Witala whose wedding to Angus McFadden takes place shortly.

George Butterworth and E. Witala came in from Dawson City, Yukon Territory, to spend the winter months here.

Mr. and Mrs. Herman Koelkenbeck came in from Vancouver, by auto last Wednesday evening, to spend several days here visiting relatives.

R. Coell went to Vernon last Friday, to spend the week end there with his daughter, Mrs. Joe Poirier. Miss Florence Crawford went to Vernon last week, where she is visiting her cousin, Miss Gwen Cadden, for several days.

Miss Phyllis Witala returned to Vernon this week to attend school, having spent the past two weeks here with her mother, Mrs. V. Witala.

"CALLING DR. KILDARE" IS SECOND OF SERIES

Lionel Barrymore, as the cantankerous but human old doctor, guides Lew Ayres through another tempestuous adventure in "Calling Dr. Kildare," second of the new medical-detective series, which comes to the Capitol Theatre on Wednesday and Thursday, October 18 and 19.

Ayres, as young Dr. Jimmy Kildare, gets into trouble with the police when, infuriated by pretty Lana Turner, he hides and cares for a wounded murder suspect.

Several new characters are added to the "Kildare family," including Alma Kruger, the hard-boiled head nurse, with a touch of sentiment and pretty Laraine Day, playing the young nurse with whom a future romance with Ayres is hinted in the story.

Nat Pendleton and Marie Blake again provide the comedy as the ambulance driver and telephone girl in the hospital, and Bob Watson, as the little crippled boy, has a dramatic scene with Barrymore. Samuel S. Hinds, Lynne Carter, Emma Dunn, Walter Kingsford, Reed Hadley and Neil Craig are among other principals.

VICTORIA RESOLUTION IS NOT APPROVED BY COUNCIL AT KELOWNA

KELOWNA, B. C., Oct. 8.—Taking the stand that it would be presumptuous to attempt to dictate to the government at this time, the City Council at a recent session refused to approve a resolution from the Victoria council which asked the Dominion government to institute compulsory registration of motor vehicles and all classes of wealth and industry.

Mayor O. L. Jones took the initiative on the Council's stand and explained that if the Union of B. C. Municipalities saw fit to make such a proposal the situation would be a different one. However, for a city council to demand compulsory registration now would be presumptuous, he thought. "We were not elected for such a purpose."

A similar resolution brought before the Victoria Council was tabled on the table.

Valley Teachers To Start Sessions At Armstrong Today

Convention Being Held For Last Three Days Of This Week

ARMSTRONG, B. C., Oct. 12.—Upwards of 200 teachers from all parts of the valley started to arrive in Armstrong today, Thursday, as the annual convention of the Okanagan Valley Teachers' Association began its sessions at 10 o'clock this morning.

Arrangements for the three day conference have been in the hands of an Armstrong committee under C. E. Clay and an attractive program has been drawn up for the entertainment of the visitors. Among guest speakers will be a number of Canada's outstanding educationalists. They include Dr. Lazerte, head of the department of education, University of Alberta, and president of the Canadian Teachers' Federation, Dr. King, and Professor Shrum, of the University of British Columbia, and A. R. Lord, E. Lee, and W. P. Weston, of the staff of the Vancouver Normal School.

On Friday evening the convention banquet and dance will be held in the Armstrong hall and on Saturday morning the final session of the conference will be conducted.

Teachers will be in attendance from Kamloops and Revelstoke, on the main line, and from all schools in the Valley south to the border.

Lifeless Body Of Transient Found Hanging To Tree

PENTICTON, B. C., Oct. 10.—The lifeless but still warm body of O. Anderson, aged 67, a transient, was found hanging from a tree near the K.V.R. station at Summerland, Friday morning.

Discovery of the remains was made by a youth, David Wright, who is employed there picking apples. He was living near the place in the Summerland "jungles." Police were notified.

Identification was made through papers found in Anderson's clothes. In his pockets were \$12.25 in bills and change.

It is believed that Anderson came from Penticton. In his possession were papers showing he had applied for shelter to relief authorities here.

No inquest will be held.

HASSEN CONDUCTED SALE

ARMSTRONG, B. C., Oct. 9.—Mat. Hassen returned last week from Alberta where he conducted a sale for Frank Colliett, of 108 registered Hereford cattle. The cattle sold for \$20,230 with about one-third of them being purchased by B. C. ranchers.

THE THAMES "A Royal River"

MRS. CONWAY EVANS SPEAKS BEFORE THE WOMEN'S CANADIAN CLUB HERE

"The Thames is above all things a royal river." In these words Mrs. Conway Evans expressed the main theme of her illustrated address, "The Royal Thames" before the Women's Canadian Club here in the Burns Hall on Friday afternoon. Mrs. Evans, who left England a few months ago to make lecture tour through Canada, explained that one of the reasons for the subject which she had chosen was that it coincided closely with the history of Britain's kings and queens and that as the royal visit of the Roman emperor, Constantine, to the city of London was the first place where the banks of the river were firm enough to support a bridge and near enough to be joined by a bridge.

She said that the Thames "winds like a silver cord down through the ages, in English history." Starting at the point of Roman conquest and the years during which Britain was occupied by the Romans, the speaker traced the progress of England's history through the centuries to the present day.

Mrs. Evans explained that the site for the city of London was chosen by the Romans because it was the first place where the banks of the river were firm enough to support a bridge and near enough to be joined by a bridge.

She said further, that traces of many of the old bridges built by the Romans still remain and more and more relics of the Roman occupation are still being brought to light. One of the best examples of an old Roman villa is to be found near the source of the Thames, she remarked.

In walking along the banks of the river, the lecturer continued, England's history is brought to life in many old churches and in the homes of some of the nation's oldest families.

One point of particular interest that Mrs. Evans stressed was the existence of many bridges that have been built at various stages in England's history and which are associated with many of the outstanding events in that history. At many

of these bridges famous battles have been fought and famous meetings have been made.

As Mrs. Evans continued her address, she mentioned some of the most famous and most picturesque places of interest, among these being the university town of Oxford and that school whose history is closely linked with English history, Eton.

As she brought her address to a conclusion, Mrs. Evans spoke shortly on one of the most famous of royal residences, Windsor Castle. Speaking of this famous castle, she stated that according to legend the first person to build a castle on the site of Windsor was Merlin, the mythical wizard of King Arthur's court. Then she mentioned the Tower of London, Tower Bridge and finally, Westminster Abbey, all of whose history is closely linked with that of the Thames.

In closing her remarks, Mrs. Evans asked the ladies present to give a thought at that time to King George and the grave burden of responsibility that now lies on his shoulders. She said, "this task is a great one and can only be eased by the loyal and whole-hearted devotion of his people throughout the British Commonwealth of Nations."

ADDITION TO OLIVER SCHOOL IS NECESSARY

OLIVER, B. C., Oct. 9.—School trustees of this district are finding it difficult to keep up with the rapidly increasing school population.

Only a month after the opening of the new term and the trustees have found it necessary to open another classroom.

Tenders are now being called for fitting up a part of the auditorium ground floor for an extra classroom. One new classroom is already housed in the auditorium basement.

The overcrowded condition occurs in the junior grades. The primary grade has an enrollment of 48 pupils, and other grades have more than 40. There are indications that the school population will have further increases.

OFFICERS OF YOUNG WOMEN'S CLUB ARE ELECTED IN KELOWNA

Miss Audrey MacLeod Named President For Coming Year of Activity

KELOWNA, B. C., Oct. 9.—The Kelowna Young Women's Club held its first meeting of the fall season when the executive for the coming year was elected and reports on the activities of the past year were made.

Miss Audrey MacLeod was elected president with Miss Jennie Anderson, vice-president; Miss Jean Rowell, treasurer; Miss Doris Leathley, secretary; Miss Dorothy McKenzie, welfare convener; Mrs. C. E. Friend, Mrs. Molly Harris, Miss Florence McCarthy, Miss Marion Huntley, Miss Diana DeHart, Miss Meg Gore and Miss Jo MacLachlan, program committee; and Miss Dorothy McKenzie and Miss Jennie Anderson, sheriffs.

Miss Kay Hill, the retiring president, gave a comprehensive report of last season's work. At the beginning of the year two needy families were given assistance by the club. Then it was decided to form an optical fund to provide glasses for local school children and nearly \$60 was expended on this work. The club also made donations to the Gordon Campbell Convalescent Home and to the Rotary milk fund.

The treasurer reported a bank balance of \$76.29 with which to commence this season's work.

In conclusion, Miss Hill thanked her executive and the club members for their excellent co-operation and work throughout the year.

SPECIAL SERVICE IS HELD AT TRINITY VALLEY ON SUNDAY

Message From Primate Of Canada Is Read To Congregation

TRINITY VALLEY, B. C., Oct. 9.—A special morning service was held at the school on Sunday by Rev. James Briscoe, of Lumby Anglican Church.

A message was read after the service from the Primate of Canada, the Very Rev. Dermyn Owen, of Toronto, urging everyone to concentrate in their prayers for King and country in our present difficulties.

Friends and neighbors of George Reeves will be glad to hear that he is now recovering from his recent illness.

Mrs. Omar DeRoos is staying with relatives near Vernon at present.

On Thursday morning the mountain peaks were all white, though most of the snow was gone before midday.

Jim Grant, Jr., is away on a trip to Vernon this week.

Guarantee

"Canadian National Carbon Co. Limited guarantees that 'Eveready' 'Prestone' anti-freeze, if used according to printed directions, in a normal water cooling system, will protect the cooling system of your car against freezing and drying from rust formations (SEE FULL INSTRUCTIONS) and that it will not evaporate, will not cause damage to car finish, or to the metal or rubber parts of the cooling system, and that it will not leak out of a cooling system so much as to hold water."

Through FALL WINTER SPRING no freeze-up - no boil-away

● HAVE YOU ever studied a day-by-day Winter temperature chart?

Notice the sharp peaks—the deep valleys. One day is mild and sunny—the next bleak and bitterly cold. These fluctuations make anti-freezes of the evaporating type too risky. A false feeling of confidence is the reason for most freeze-ups.

But "Prestone" brand anti-freeze lasts all winter and saves your having to worry about an extra pint today—perhaps another addition next week.

Read the guarantee—then promise yourself a winter of happy trouble-free driving without the slightest risk of a freeze-up.

"Prestone" anti-freeze is more economical than ever due to the price reduction. Remember—there is only ONE "Prestone" brand anti-freeze.

Falkland Mission Group
Has Fifth Anniversary

Eleven Members Of Vernon
Organization Attend
Special Service

FALKLAND, B.C., Oct. 9.—The Falkland Woman's Missionary Society observed its fifth birthday on Friday afternoon, when the United Church was crowded for a special anniversary service.

Eleven members of the Vernon organization were present this year, and gave an interesting and inspiring program.

The president, Mrs. W. S. Harris, spoke briefly and introduced each member participating in the program. The scripture lesson and comment following, with "Co-operation" as its theme, was read by Mrs. Moffat. Mrs. Lincoln led in prayer.

A resume of the study book "The World in Canada", whose author is J. Mackay, superintendent of the "Church of All Nations" at Toronto, was given by Mrs. Ramsay. Commenting on this later, the Rev. Black stated he had never known a reader to hold the interest of his audience so well, showing how thoroughly the speaker had prepared her paper.

After the collection was taken, Mrs. Gott led a prayer. Following this the local president, Mrs. U. St. Laurent, thanked the visiting society for their interest and generosity in visiting the club which they helped to organize five years ago.

After the meeting refreshments were served at the home of Mrs. P. Ponton, who was assisted by Mrs. F. Tarry and Mrs. M. Wallace.

PIONEER COUPLE HONORED

The district's pioneer couple, Mr. and Mrs. "Dick" Hatfield, were again honored this year by the junior pupils of the school and their teacher, Miss E. Hardy. A winter supply of fruits, vegetables and preserves was offered as a Thanksgiving gift to the elderly couple.

The children marched from the school to the home of Mr. and Mrs. Hatfield, sang songs and then presented them with the large box of supplies.

COMMUNITY ASS'N. MEETS

Members of the Falkland and District Community Association met in their hall on Tuesday evening for their monthly meeting.

Special business was the program drawn up for the annual Halloween masquerade, which will be held on Saturday, October 28.

Snow, the first of the season, fell Saturday morning, but did not remain long. Heavy frosts were also experienced over the week end.

HARVEST SERVICE HELD

Harvest festival service was held in Christ's Anglican Church Sunday morning with the Rev. C. Kirksey, of Chase, officiating. A large congregation attended. Communion was observed at the close of the service.

QUIET WEDDING SOLEMNIZED

A quiet wedding was solemnized at Ashcroft on Monday when Herbert Gotobed, youngest son of Mrs. B. Gotobed, of Falkland, was united in marriage to Dorothy Robinson, of Mission City.

Mr. Gotobed returned to his home here on Thursday, leaving that evening to join his regiment the Rocky Mountain Rangers at Red Pass Junction.

Chauncey Phillips, Ross Kent and Douglas Swift returned home on Thursday from Saskatchewan where they had been working during the harvest season. Douglas Swift immediately left for Red Pass Junction to join his regiment, the Rocky Mountain Rangers.

Mrs. George Smythe and children, Patricia and Gary, left Thursday to reside at Gibson's Landing. Mr. Smythe will follow later when mine operations here close down during the winter months.

J. Martin has established his business in a building on the main street of Falkland.

Mr. and Mrs. R. Hatfield had as their guests on Sunday, Mr. and Mrs. Ed. Passmore and Mr. and Mrs. Ernie Passmore and daughter, Velma, of Vernon.

Mrs. W. J. McCounie returned home on Sunday from Edmonton, where she has been on holiday for the past month.

WOMEN'S SERVICE
CLUB OBJECTIVES
OUTLINED IN LUMBY

Vernon Leaders Address Meet-
ing—No Immediate
Action Taken

LUMBY, B.C., Oct. 9.—A meeting of Lumby women was held at the Community Hall on Friday, to discuss the activities of the Women's Service Club. The objectives and the nature of the work done by the club were presented by Mrs. R. M. McGusty and Miss Elizabeth Layton, of Vernon, but local organization was postponed until a later date.

Mrs. James Smith, of Lumby, is visiting on a holiday. Mrs. Newberry, of Barriere, B.C., Mrs. W. C. Quesnel, formerly of Lumby but now of Dawson Creek, B.C., is also a guest at the same home.

Special Thanksgiving services were conducted on Sunday at the Lumby United Church by Mr. Ramsay assisted by a choir from Leavenworth.

Sgt. Pat Duke, of the Royal Canadian Engineers, is spending a few days in Lumby prior to accompanying his regiment to Kingston, Ont., for further training. The regiment will later proceed overseas.

A bush fire that might have attained dangerous proportions burned over a considerable area on the Morris range on Sunday. It was brought under control by voluntary fire-fighters before the arrival of fire ranger J. McCuskey from Vernon.

Mrs. Gordon McNaughton, of Oliver, is visiting at the home of her mother, Mrs. Howie. Miss Thelma Quesnel and Fred Morrison spent Thanksgiving Day with Mr. and Mrs. W. Shields at their summer home at Mabel Lake.

Mrs. Fred Linke and small son, Michael, returned home on Wednesday of last week, from a visit with Mrs. Linke's mother, Mrs. C. Royal-Dawson, of Cannington Manor, Saskatchewan.

Mrs. W. Skermer, of Lumby, spent the holiday week end with Mr. and Mrs. Walter Skermer, of Penton. The annual chicken supper, sponsored by the Lumby Evening Sisters and held in Ormsby Hall on Thanksgiving night, was attended by a large number of appreciative guests.

His many friends are welcoming home Lorne Parrott after a long illness in the Vernon Jubilee Hospital.

A son was born to Mr. and Mrs. Herb MacIntyre, of Lumby, in the Vernon Jubilee Hospital on Monday.

FINTRY FAIRBRIDGE BOYS
SEE FORESTRY PICTURES

EWING'S LANDING, B.C., Oct. 9.—An insight into the vast wildernesses, and a glimpse of the natural resources forming a part of this province which is to become the land of the future, was afforded the boys at Finty Fairbridge on a recent Sunday, when Jack Branham came down from Vernon with his apparatus for showing the Forestry pictures and other features, which included Mickey Mouse.

The lads gathered in the living room, together with visitors from Vernon and elsewhere, and were most interested and enthusiastic.

Tea was served later in the afternoon by the house-mother to the visitors who included Joss Wood, of Vernon, Forest Ranger for this district.

The Provincial Forestry Department have been busy in this locality for the past five weeks, cruising and making estimates of stands of timber. Mr. Nickson has been in charge, who, with Mrs. Nilsson and his party, camped in Kilney Orchard for the duration of their stay. During this period several of the young men left to resume their studies at the University of B.C. and other schools. The activities of the forestry crew took in the district of Beulah Lake, roughly ten miles back of Whiteman's Creek.

Hugh Pease bicycled up from Vancouver last week, and is now staying with his mother at the Forest House.

Mr. and Mrs. Jim Muirhead and their young son, Jack, drove up from Victoria and spent several days with Mrs. J. B. Muirhead and Allan Muirhead at their home here.

BURT HEADS CLUB

PENTICTON, B.C., Oct. 10.—By unanimous vote of the members of the Penticton Basketball Association, Jimmy Burt was chosen president of the body for the eighth year. Practically all the 1938-39 season's officers were re-elected unanimously. In discussing the policy of the club for the forthcoming season, Mr. Burt stated that effort would be made to give the fans even better hoop play than they had received last season. At the same time, effort will be made to keep expenses to a minimum.

How To Relieve
Misery of Your

CHEST COLD

Message throat,

chest, and back

with plenty of

Vicks Vaporub at bedtime. Then

spread a thin layer over chest

and cover with a warm cloth.

Vicks Vaporub's double action brings

double relief. It acts as a poultice

to penetrate the surface skin and

Council Meeting
(Continued from Page 1)

valued at \$4.75, was not paid. The item was dropped off.

Then the letter was written. The enquiry was made as to when Alderman Smith, as chairman of the city's finance committee, had been appointed city manager, taking over the duties of the Mayor and Aldermen.

"Was the finance committee unanimous in this action?" the letter queried.

Members of the finance committee are Aldermen Smith, Galbraith, and Wilde.

Alderman Wilde's statement is that Alderman Smith alone struck out the item.

"And on the same bill I submitted there was another purchase of merchandise for which there was no order, but it was paid all right. Majority of the city purchases are without an order. But what I really object to is this hole-in-the-corner business with one member of the Council dominating everything. It's fundamentally wrong."

The letter read before the Council asked: "Has the city notified all merchants that they must have a voucher before filling civic purchases?"

This letter was not dealt with at the Council meeting. It will come up again, it is indicated by what transpired.

Alderman Smith and Howie moved that it be resolved and filed, when it was under discussion.

WOULD NOT VOTE
Alderman Galbraith would not vote on this motion. Alderman Wilde said that as an interested party, he would not vote either.

Alderman Hurt, as acting Mayor, said that the communication would then be filed.

"I question your authority, Your Worship," interrupted Alderman Wilde. "This action is being taken by the wish of a minority here."

It was then ruled that the communication be laid on the table until the next meeting.

Alderman Smith defended the action that had been taken as quite justified as a matter of principle. Alderman Howie raised the point that no orders were to be filled except with civic voucher.

No answer was given to Alderman Wilde's query as to whether all merchants had been informed that there must be such vouchers. He argued that many such purchases, without vouchers, are being made all the time.

"If it's a matter of principle that is involved, then I'll bring up another matter of principle myself," declared Alderman Wilde a little later.

HEATED ARGUMENT

This was the prelude to the long and heated discussion of the method of purchase of tile, for use in the disposal works.

"Who opened those tenders?" Alderman Wilde bluntly asked. "When was it? How were they received?"

"It was the Health Committee," replied Alderman Howie.

"I think I'm quite safe in saying you weren't even there," retorted Alderman Wilde.

"Yes, I was there."

"Get the minutes and see what is said there," suggested Alderman Smith.

"I don't think they were definitely recorded in the minutes," Alderman Howie stated.

"That's just my point, exactly. What is going on here?" continued Alderman Wilde. "There's no public entry whatever."

City Clerk Wright was asked to clarify the situation. He replied that he was hazy on the question. "Since Alderman Howie says he was there I am somewhat confused in my memory."

Mr. Wright then went into the city office to get the old minute book. This was searched up and no entry was found at the public meeting held after last June 24, the date when the Health Committee is reported to have examined the tenders.

These tenders were on file, one from the Bennett Hardware and the other from the Vernon Hardware. The latter quoted three cents a foot lower than the Bennett firm, and was given the contract.

"That's quite in order," interjected Alderman Howie.

"I don't see my point," was Alderman Wilde's response. "I'm not criticizing the firm tendering or the awarding of the contract. The tender's all right. What's wrong is the city's apparent way of concealing what's being done."

Alderman Wilde then insisted on knowing who had signed the authorization for accepting the tender.

ONE SIGNATURE
The only notification, upon examination, was the single signature of Alderman Smith, who had made a recommendation to accept the lowest tender.

"I don't know why I didn't sign that," interjected Alderman Hurt. "I suppose I wasn't asked to."

"If you ask me, apparently there weren't any other names there at all," Alderman Wilde had asserted.

Alderman Howie admitted that he hadn't signed the recommendation. "But this thing isn't any worse than the Fire Hall purchasing last year."

"The Chairman of the Board of Health was romiss in his duties—that's the situation," commented Alderman Wilde. "He should have seen that this came before the Council and went on the books. It's typical of the kind of going on here. Let him read the Municipal Act."

Alderman Howie let out a snort of derision.

"I want to know why these things are done," Alderman Wilde continued.

"After all, the chairman of a committee should have some authority," stated Alderman Howie.

It was at a later juncture that Alderman Smith made his defence, when bringing up his own report as a committee head.

"CERTAINLY AUTHORIZED"
"There are a good many things not discussed by the full Council," he acknowledged. "But this purchase was certainly authorized. May I ask if the Council sanctioned the buying of the tile and so on, were discussing some time ago? On this tile buying, the Health Committee decided to call for tenders. These were opened in Mr. Howie's office, with Mr. Wright there too. It was a rush job. We knew we had to go to the prairies to get this. There

RESOLUTION SENT TO CABINET MINISTERS BY BOARD OF TRADE

Executive Meeting Urges That Britain Be Sent Supplies

At a meeting of the Vernon Board of Trade executive on Wednesday morning, a resolution was drawn up urging the Canadian government to take immediate steps in making contributions of foodstuffs and supplies to the British government and to the people of the United Kingdom.

This resolution says: Whereas, Canada's interests are bound up with those of the Empire and

Whereas, Canada having joined with the rest of the Empire in supporting Great Britain and her ally, France, in defense against the encroachment of totalitarianism and the destruction of individual and national freedom and security; and

Whereas, it would appear that Canada's major contribution in the struggle must be in resources and equipment, rather than man power; Therefore be it resolved:

That this Board of Trade favors the adoption of the principle and policy of assisting Great Britain

in the making of substantial contributions of foodstuffs and supplies to the British forces, in addition to the anticipated sales of commodities and war materials to Great Britain, such voluntary contributions to be financed by the people of Canada as a whole through the purchase of war bonds and stamps.

That Canada should in general pursue a policy of sharing, in so far as possible, the heavy burden which the people of Great Britain assume in defending the British Commonwealth against aggression.

Copies of this resolution were sent to cabinet ministers of the federal government.
